Opposition No. 91302002

*Belvac Production Machinery, Inc.*

*v.*

*Belva, Inc*

**By the Trademark Trial and Appeal Board:**

On July 24, 2026, Opposer filed a parties' stipulated proposed amendments to Applications Serial Nos. 98227088 and 98227114, with Opposer's consent, and Opposer's withdrawal with prejudice of the opposition, contingent upon entry of the amendments.

By the proposed amendments, Applicant seeks to amend the identifications of services in International Class 42, which are identical in Applications Serial Nos. 98227088 and 98227114, as follows (wording added shown in bold):

**FROM**:

> Application service provider featuring application programming interface (API) software; Application service provider featuring application programming interface (API) software for use in customer relationship management (CRM), business advertising, business management, developing code, and building software; Software as a service (SAAS) services featuring software using artificial intelligence for providing personal assistant services for others in the nature of planning, organizing, coordinating, arranging and assisting individuals to perform daily tasks; Non-downloadable intelligent personal assistant software for

providing personal assistant services for others in the nature of planning, organizing, coordinating, arranging and assisting individuals to perform daily tasks; Software as a service (SAAS) services featuring software using artificial intelligence for making appointments, making reservations, and for use in customer relationship management (CRM)

**TO**:

Application service provider featuring application programming interface (API) software; Application service provider featuring application programming interface (API) software for use in customer relationship management (CRM), business advertising, business management, developing code, and building software; Software as a service (SAAS) services featuring software using artificial intelligence for providing personal assistant services for others in the nature of planning, organizing, coordinating, arranging and assisting individuals to perform daily tasks; Non-downloadable intelligent personal assistant software for providing personal assistant services for others in the nature of planning, organizing, coordinating, arranging and assisting individuals to perform daily tasks; Software as a service (SAAS) services featuring software using artificial intelligence for making appointments, making reservations, and for use in customer relationship management (CRM)**; all of the foregoing excluding services or software services relating to or in the field of manufacturing and production of machinery and equipment**

The amendments are limiting in nature, as required by Trademark Rule 2.71(a). Because Opposer consents thereto, the amendments are approved and entered. *See* Trademark Rule 2.133(a).

The contingency in Opposer's withdrawal having now been met, the opposition is dismissed with prejudice.
