**NOTICE OF OPPOSITION**

KABUSHIKI KAISHA ZOOM ("Opposer"), a Japanese corporation, with offices at 4-4-3 Kanda-surugadai, Chiyoda-ku, Tokyo 101-0062, Japan, believes that it will be damaged by registration of the mark shown in Serial No. 98/831,871 to ZHANG ANHUA ("Applicant"), which application was published for opposition on September 30, 2025, and hereby opposes, through its attorneys, the registration of said mark for the recited goods.

As grounds for opposition it is alleged that:

1. Opposer is a Japanese corporation, with offices at 4-4-3 Kanda-surugadai, Chiyoda-ku, Tokyo 101-0062, Japan.
2. Opposer sells and distributes audio recorders; video recorders including webcams; multi-track recorders; audio interfaces; electronic effect pedals; guitar and bass effects processors; sound effects processors; computer software for sound data processing; sound mixers; microphones; foot controllers; and related accessories including cables, connectors,

amplifiers, batteries, battery chargers, and power adapters/converters.

3. Opposer utilizes the marks ZOOM and ZOOM and design (hereinafter the “Trademarks”), as trademarks indicating the source of origin for its products.

4. Since prior to the filing date of the above-identified application, Opposer has been using the Trademarks in interstate commerce, either directly or through its U.S. distributors, in connection with the goods described in Paragraph 2.

5. Opposer is the owner of United States Registration No. 3,555,352 for the mark ZOOM and design as used in connection with guitars and bass effects processors; sound effects processors; multi-track recorders; computer software for sound data processing; sound mixers; and microphones, in International Class 9; and electronic musical instruments, namely, foot controllers for electronic musical instruments, in International Class 15. The foregoing registration is valid, and in full force and effect.

6. Opposer has expended substantial amounts of money, time and effort in advertising and promoting its Trademarks throughout the United States so that the public has come to associate and attribute usage of the Trademarks with Opposer.

7. Applicant’s mark is confusingly similar to Opposer’s Trademarks whereby use of Applicant's mark on the goods recited in Applicant's application will create a likelihood of confusion, mistake or deception among the purchasing public.

8. The goods identified in Applicant’s application are related to the goods offered by Opposer (mentioned hereinabove in Paragraph 2) under the Trademarks, and to the goods listed in Opposer's registration (mentioned hereinabove in Paragraph 5), all of such goods being likely to travel through similar channels of trade.

9. The registration of Applicant's mark in connection with the goods specified in Applicant’s application would be in direct conflict with the proper function of a trademark; that is, as a designation of the sole and exclusive origin of goods or services, considering Opposer’s prior use of and registration of its Trademarks.

10. Opposer, as the owner of a valid federal trademark registration and as the prior user of such mark, will be damaged if registration of Applicant's mark is granted.

**WHEREFORE**, Opposer respectfully requests that this Opposition be sustained, that the above-identified application be rejected and that the registration of the mark shown in Application Serial No. 98/831,871 be refused.

Respectfully submitted,  
KABUSHIKI KAISHA ZOOM
