LA TAPATIA NORCAL, INC.,

Petitioner,

vs.

LA TAPATIA TORTILLERIA, INC.

Registrant.

) Cancellation No. 92,041,012

) **STIPULATED MOTION TO SUSPEND
CANCELLATION PROCEEDING**

Petitioner, LA TAPATIA NORCAL, INC., files this stipulated motion to further suspend this proceeding for the following reasons:

1. The parties have engaged in negotiations to settle all disputes concerning trademarks including this cancellation proceeding.
2. Although the parties have agreed on settlement terms, they need additional time to perform and complete the terms of the settlement agreement.
3. This cancellation proceeding is part of a very complex settlement between the parties involving new concurrent use applications filed by both parties, restriction of prior registrations owned by Registrant and the assignment of rights in a specific geographic territory by the Registrant to the Petitioner.
4. This cancellation proceeding was filed because the settlement agreement was not completed prior to the date when Registrant's registrations became incontestable and, therefore,

1 was necessary to protect Petitioner's rights. When the pending applications are approved and
2 concurrent use registrations issued, this proceeding will be dismissed.

3 5. As of this date, Application Serial Nos. 76/515,435 and 76/515,436 of Petitioner
4 have been published for opposition, and it is expected that concurrent use proceedings will be
5 commenced within the next few months.

6 6. Petitioner cannot dismiss the cancellation proceeding at this time because the
7 Registrant's registration would become incontestable and beyond challenge in the event that
8 Petitioner's applications are rejected and the settlement of the parties cannot be fully
9 implemented.

10 7. Under the circumstances, there is no reason to litigate and, thus, no reason to
11 activate this proceeding unless the pending applications are rejected. In that event, Petitioner
12 will not obtain its rights in a specific geographic territory without cancellation of the Registrant's
13 registration.

14 8. The parties realize that this proceeding is a part of an unusual and complex
15 settlement agreement which has been executed by the parties. However, the parties are not aware
16 of any other way to protect Petitioner's rights during the prosecution of the concurrent use
17 applications.

18 Under the circumstances, the parties request that this proceeding be suspended for an
19 additional period of six (6) months from April 27, 2005.
