STIPULATED MOTION TO SUSPEND PROCEEDINGS

Subject to the approval of the Trademark Trial and Appeal Board (the "Board"), it is hereby stipulated and agreed by and between the parties in the above-identified consolidated cancellations (collectively, the "Cancellations"), by their attorneys, as follows:

- (1) The parties have just recently entered into discussions regarding settlement of the Cancellations and to resolve their differences that are the gravamen of the Cancellations.
- (2) So that they may concentrate their efforts on settlement discussions, the parties request that the Cancellations be suspended for a period of ninety (90) days.

(3) The parties believe that if they are provided this suspension period, then they can settle this dispute without the need for proceeding before the TTAB. The parties therefore request a suspension so that their efforts can be focused on settlement thereby making available for settlement purposes resources that would otherwise go towards trial preparation.

(4) The parties request that the Board grant the proposed suspension.
