Cancellation No. 92043598

Eli Research, Inc.

v.

GLOBAL INFORMATIONAL
LICENSING CORPORATION

On February 23, 2006, the parties filed with the Board a settlement agreement comprising, among other things, registrant's proposed amendment to its Registration No. 2436370, with petitioner's consent, and petitioner's withdrawal of the petition to cancel, contingent upon entry of the amendment.¹

The contingency in petitioner's withdrawal having now been met, the petition to cancel is dismissed in accordance with the agreement between the parties.

¹ It has come to the Board's attention that the Post Registration Branch of this Office approved the amendment to the involved registration after the Board instituted this cancellation proceeding. Pursuant to Trademark Rule 2.133(a), the Board must approve all amendments to applications and registrations involved in Board proceedings. Thus, the approval by the Post Registration Branch was procedurally improper. Notwithstanding the foregoing, inasmuch as the amendment complies with all of the requirements in Trademark Rule 2.173(b), is limiting in nature, and petitioner consents thereto, the Board adopts the Post Registration Branch's prior approval thereof. In view thereof,
