Dear Ms. Matelski,

The petition to cancel (Cancellation No. 92045556) the *Juli anne* trademark (registration #2724431) has been received and rejected. We have actively been using this trademark since 1979 and the trademark was issued 6/10/03. Communications addressed to our former residence in NJ have all been returned. Your office was contacted on 9/18/02 and again on 4/4/03 with our new Virginia address. However, the TESS website has not ever nor does it presently reflect this change of address. Hence all communications to NJ have been returned. Someone needs to update your records and the website to reflect our new address or this will be a recurring problem. In addition, your letter misspells our company and LLC names. Please adjust your files accordingly. The correct spelling is Juli anne, Juli Anne LLC

We also notified your office that Attorney Richard Muccino is no longer our correspondent and should be removed as such. All communication here forward should be to Stockton T. Bates, 1434 Cedar Point Rd., Heathsville, Va. 22473, 804-580-5464, >juliannebates@peoplepc.com<. Attached you will find copies of pertinent documents which you may need to proceed.

Thank you for correcting this situation. If we can be of further assistance, please call or email. In any event, please inform us of any action you have taken to resolve this issue.

Sincerely,

Stockton and Julianne Bates  
Owners, Juli Anne LLC

RE: Trademark Application  
Serial Number 75066377

September 18, 2002

Dear Ms/Sir:

I would appreciate your reviving trademark application serial number 75066377.

This application was evidently abandoned on or about May 4, 2002; six months after the Notice of Allowance was mailed to the correspondent/power of attorney.

The attached Allegation of Use was not mailed in a timely matter, and most definitely unintentionally, because the correspondent/power of attorney did not contact me. Although I did move from New Jersey to Virginia and was completing construction on my home at the time, the business 800 number was still in effect. Admittedly, I did not advise correspondent of my new address. But, realistically, five minutes of time would have yielded my whereabouts.

I have been attempting since 1993 to protect our mark. I would appreciate your considering reviving this application. The company is still very much in business, has a following, and will soon have an internet presence. Thank you for your time.

Sincerely,

  
Stockton T. Bates

Re: Trademark Application Serial No. 75/066377  
Applicant: Julianne Bates  
Mark: JULI ANNE

Dear Mr. Bates:

This letter confirms receipt of the Petition to Revive the above-identified application filed on September 19, 2002. The application was abandoned for failure to file a Statement of Use in response to a Notice of Allowance issued on December 4, 2001. A Statement of Use, 37 C.F.R. §2.88, or a Request for Extension of Time to File a Statement of Use, 37 C.F.R. §2.89, was due on or before June 4, 2002.

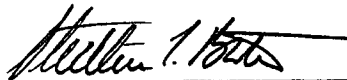

The Petition to Revive is incomplete because it does not include the fee for the first extension request due on June 4, 2002. Although you filed a Statement of Use with the petition, the \$150.00 fee (\$150 per class) for the first extension request must be paid. Trademark Rule 2.66(c)(3) requires that a Petition filed with a Statement of Use include the fees for any extension requests that the applicant should have filed if the application had never been abandoned.

Please submit a check for \$150.00, made payable to the Director of the United States Patent and Trademark Office, within **thirty (30) days** from the mailing date of this letter with a cover letter referencing the serial number and the mark. (You may use a copy of this letter if you like.) **If no response is received within thirty (30) days, the petition will be denied, without consideration on the merits.**

Please note that the filing date of a document in the United States Patent and Trademark Office is the date of receipt in the Office, not the date of deposit in the mail. 37 C.F.R. §1.6. To avoid lateness due to mail delay, use of a certificate of mailing under 37 C.F.R. §1.8 is encouraged.

The following is a properly worded certificate of mailing under 37 C.F.R. §1.8:

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail postage prepaid in an envelope addressed to: Commissioner for Trademarks, 2900 Crystal Drive, Arlington, Virginia 22202-3513, on 12/9/02
