PETITION FOR CANCELLATION

HEWLETT-PACKARD DEVELOPMENT COMPANY, L.P. ("Petitioner"), having a business and corporate address of 20555 State Highway 249, Houston, TX 77070, believes it will be damaged by the continued registration of the mark shown in the above-identified registration and hereby petitions to cancel same. The grounds for cancellation are as follows:

1. Petitioner has filed an application to register the mark ENVY for "Computers; personal computers; laptop computers; notebook computers; computer hardware; handheld computers; computer

workstations comprising CPU's, flat panel screens and keyboards; computer peripherals; computer monitors; flat panel display screens; computer game software" in Class 09 under Serial No. 77/069,762.

2. Registration No. 1,649,325 issued on July 2, 1991 and the registration was renewed in 2001. However, it does not appear that Registrant has used the mark ENVY for several years. On information and belief, the mark that is the subject of this registration has not been in use for several years and has been abandoned.

3. If Registrant's mark is allowed to continue to exist on the Principal Register, Petitioner will be damaged by the continued existence of said registration as Registrant's mark has been cited by the Examining Attorney in connection with Petitioner's pending application for ENVY.

WHEREFORE, Petitioner, Hewlett-Packard Development Company, L.P., respectfully requests that this Petition for Cancellation be granted and that Registration No. 1,649,325 be cancelled.

Dated: May 5, 2008

Respectfully submitted,
