v.

Black Ice Software, Inc.

Jennifer Krisp, Interlocutory Attorney:

The parties' stipulation (filed March 24, 2009) for a 30-day extension of the due date for the exchange of initial disclosures is granted.¹ See Trademark Rule 2.127(a).

Initial disclosures are due by April 18, 2009.

Expert disclosures, discovery and trial dates remain as set in the December 9, 2008 institution order.

¹ Inasmuch as the joint stipulation does not include proof of service of a copy on registrant, the Board includes a copy of the filing with respondent's copy of this order. The Board requires strict compliance with Trademark Rule 2.119 in all future papers filed with the Board.
