v.

Montani Cosmetics Inc.

Cheryl S. Goodman, Interlocutory Attorney:

In view of petitioner's filing of September 26, 2011 that evidences consent to respondent's motion to suspend to finalize settlement, respondent's motion to suspend is granted. Proceedings herein are suspended for settlement for 60 days from the mailing date of this order, with the right of either party to request resumption at any time. After suspension for settlement concludes, the parties are allowed 14 days from the date of resumption to resolve the issues relating to the motion to compel, and to notify the Board in writing of any issues resolved with respect to the pending motion to compel.

Thereafter, if the discovery matters remain unresolved, proceedings will remain suspended and the Board will take up consideration of the motion to compel, consideration of which is presently deferred.

Cancellation No. 92051832

In the event the parties seek to extend the suspension period to finalize settlement after the 60 day suspension period concludes, the parties should file a motion with the Board.
