Notice:

The Answer I filed today July 12 2011 was incorrectly dated July 12 2011. The actual date it was prepared was on June 21 2011. This is an important point since we do not want the Answer to interfere in any way with the pending Motion For Suspension dated July 11 2011, which should take precedence.

A reason the answer was done today is the Trial & Appeal Board attorney told me in a phone call 2 weeks ago I had until July 12 to file an Answer.

So I had it on my schedule to file the answer today July 12 and completely forgot it was likely not necessary since the consent agreement was already signed and filed.

Sincerely,

/David Green/

Defendant
