CONSENTED MOTION FOR AMENDMENT OF IDENTIFICATION

Pursuant to an agreement between the parties, Registrant moves for the entry of an amendment of the identification in Registrant's subject Registration No. 3868745, as detailed below.

The requested identification clarifies and limits the identification in the subject application, and does not broaden the identification, pursuant to the provisions of applicable 37 CFR 2.71(a). The amendment sought takes the wording in the identification as published, and merely adds wording to it that constitutes a further limitation and specification. No wording from the published identification has been deleted.

The requested identification in the registration adds the underlined words as follows:

Class 25: Clothing having an appearance or bearing graphics or indicia associated with characters or themes derived from a Tyrannosaurus Rex fossil, namely, shorts, pullovers, jackets, swimsuits, headwear, hats, caps, baseball caps, baby bibs, underwear

Class 28: Stuffed toys having an appearance associated with a Dinosaur

Entry of this amendment is supported by the consent of Petitioner Dan Patrick Enterprises, Inc. and Registrant Trex Samson, LLC, the sole parties to this proceeding.

Respectfully submitted on this 27th day of January, 2012.

Trex Samson, LLC
