Nufarm Americas Inc.

v.

State Industrial Products Corporation

**By the Trademark Trial and Appeal Board:**

Petitioner's motion for judgment that includes registrant's voluntary surrender of its registration (filed June 9, 2014) is noted. However, it has come to the attention of the Board that on June 27, 2014, Registration No. 1486658 was cancelled under Section 8 of the Trademark Act.

In view thereof, judgment is hereby entered against respondent, and the petition to cancel is granted. *See* Trademark Rule 2.134(b).

The above-referenced cancellation stands, and no further action is necessary by the Board.
