**PETITION FOR CANCELLATION**

TeleTracking Technologies, Inc. (“Petitioner”), organized under the laws of the State of Delaware with its principal place of business at The Times Building, 336 Fourth Avenue, Pittsburgh, PA 15222, believes it is being damaged by the continued registration of U.S. Reg. No. 4,577,868, and hereby petitions for the cancellation of the Registration in International Class 9.

**GROUNDS FOR CANCELLATION**

The grounds for cancellation are as follows:

1. Petitioner is a corporation organized and existing under the laws of the State of Delaware as TeleTracking Technologies, Inc., and has its principal place of business in Pennsylvania.

2. Petitioner sells its products and services to customers throughout the United States and internationally providing healthcare information.
3. Petitioner has been using its TRACKING-formative trademarks, common-law and otherwise, for many years. Petitioner has used its TRACKING family of marks in commerce to provide healthcare information to its customers.
4. Petitioner is the owner of the valid and subsisting U.S. federal trademark registration No. 1,860,092 for BED TRACKING, registered October 25, 1994, for providing computerized patient and guest turnover information to hospitals and hotels in International Class 042. (A true and correct copy of the official USPTO registration is attached hereto and incorporated herein by reference.)
5. Said BED TRACKING registration was based on an application filed in the U.S. Patent and Trademark Office on August 17, 1992, which is a date prior to the date of the filing of Respondent's application and claimed date of first use. Petitioner's first use in commerce of said BED TRACKING trademark was around June 1990, which is a date prior to the date of the filing of Respondent's application.
6. Petitioner has continuously used the BED TRACKING trademark providing computerized patient information as well as related products and services from a date prior to the filing date provided in Respondent's application. Thus, this mark has priority over Respondent's application.
7. Petitioner is the owner of additional trademarks, such as PREADMITTRACKING (U.S. federal trademark registration No. 3,700,390) for computer software providing patient information to hospitals in International Class 009.

(A true and correct copy of the official USPTO registration is attached hereto and incorporated herein by reference.)

8. Said PREADMITTRACKING registration was based upon a first use in commerce on or about January 1, 2000, which is a date prior to the date of the filing of Respondent's application and claimed date of first use. Thus, this registration has priority over Respondent's application.

9. Petitioner is also the owner of additional trademarks, such as TELETRACKING (U.S. federal trademark registration No. 3,841,921) for consulting services in the health care field in International Class 044, and for computer software for use in the health care field to enhance operational efficiencies related to patient flow, namely tracking and management of bed turnover, patient placement and transport in International Class 009. (A true and correct copy of the official USPTO registration is attached hereto and incorporated herein by reference.)

10. Said TELETRACKING mark was first used in commerce on or about November 30, 1999, which is a date prior to the date of the filing of Respondent's application and claimed date of first use. Thus, this registration has priority over Respondent's application.

11. Petitioner is also the owner of various common-law trademarks, such as TRANSPORTTRACKING, TEMPTRACKING, PROCEDURETRACKING, and SERVICETRACKING for providing healthcare information to, *inter alia*, assist in workflow automation of hospitals and healthcare facilities.

12. Petitioner's use of the TRACKING trademarks has been valid and continuous and has not been abandoned. Said Petitioner's Registration and common law usage of its TRACKING family of trademarks are symbolic of the extensive and valuable goodwill and consumer recognition built up by Petitioner through substantial amounts of time, effort, and considerable sums of money, in advertising, marketing and promotion.

13. Upon information and belief, Respondent is the owner of U.S. Reg. No. 4,577,868 (PATIENTFLOW TRACKING) for "Computer hardware and software, for use with medical patient monitoring equipment, for receiving, processing, transmitting and displaying data; Computer programs for document management; Computer programs for searching remotely for content on computers and computer networks; Computer software for controlling and managing patient medical information; Computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; Computer software for use in customer relationship management (CRM); Medical software for web based applications to enable hospitals and medical practices to contact patients, family and friends with safe and secure, portable and current electronic medical records" in International Class 9.

14. Petitioner's goods and services, as identified in the above-listed trademark registrations and as associated with the Petitioner's family of TRACKING trademarks, are identical or closely related to the goods identified in U.S. Reg. No. 4,577,868 (PATIENTFLOW TRACKING). Upon information and belief, Petitioner's goods and services and Respondent's goods are or will be offered to the same classes of customers through the same channels of trade.

15. Respondent's mark in U.S. Reg. No. 4,577,868 (PATIENTFLOW TRACKING) is substantially and confusingly similar to Petitioner's trademarks and family of TRACKING trademarks identified above.

16. Respondent's use of the mark in U.S. Reg. No. 4,577,868 (PATIENTFLOW TRACKING) likely is causing confusion, mistake, and/or deception of the relevant trade and public and is damaging Petitioner.

17. Respondent's use of its mark in U.S. Reg. No. 4,577,868 (PATIENTFLOW TRACKING) is conveying to the relevant trade or public that Respondent's goods are in some way legitimately connected with, licensed or approved by Petitioner, when that is certainly not the case. Said source of confusion, mistake, and/or deception is a source of damage for Petitioner.

18. Since Respondent's mark in U.S. Reg. No. 4,577,868 (PATIENTFLOW TRACKING) is causing damage to Petitioner, Respondent's mark should be cancelled.

WHEREFORE, Petitioner believes it is being damaged by the continued registration of the mark shown in U.S. Reg. No. 4,577,868 (PATIENTFLOW TRACKING) and the same should be cancelled in International Class 09.
