On October 5, 2016, Respondent filed its proposed amendment to Registration No. 3689488, with Petitioner's consent, and Petitioner's withdrawal, without prejudice, of the cancellation upon entry of the proposed amendment.

On October 13, 2016, Respondent filed an amended motion to amend the subject Registration and an authorization for the Board to charge the prescribed fee of \$100 to the deposit account No. 50-5865. On October 19, 2016, the Finance Division of the Office charged \$100 against Registrant's account.

By the proposed amendment, Respondent seeks to amend the identification of goods in the subject Registration to delete the following stricken language:

~~Machines for power support, namely, electric generators;~~
machine tools for maintenance and preparing material within airport, namely, metal cable wire for towing, hydraulic jacks; motors and engines for air vehicles, namely, for aircraft; transmission components, namely, transmission gears, transmission chains for air vehicles, namely, aircraft; and parts therefor.

Inasmuch as the amendment complies with the requirements of Trademark Rule 2.173, it is limiting in nature, and Petitioner consents, the amendment is **APPROVED**. *See* Trademark Rule 2.133(a).

The amendment will be forwarded to the Post Registration Branch of this Office for entry of the amendment in accordance with Section 7(e) of the Trademark Act.¹

The contingency of Petitioner's withdrawal having been met, the petition to cancel is **DISMISSED** without prejudice.

¹ A copy of the Board's order granting the amendment, and respondent's declaration, will be forwarded electronically for uploading to the record of the registration.
