**RESPONSE TO BOARD ORDER**

In response to the Board's order of March 22, 2017, Respondent (and Petitioner) clarify that no request to amend any application was made in the Stipulation to Dismiss Proceedings filed on December 23, 2016. The last sentence of that filing was extraneous and, independently, incorrectly identified the serial number of the application for Respondent's registration. . The parties merely stated the nature of the settlement that was reached between the parties.

Therefore, the stipulation to dismiss filed on December 23, 2016 should be understood to refer only to a request by the parties to dismiss the proceedings without prejudice, and the parties jointly reiterate that request.

SO STIPULATED AND AGREED April 4, 2017:
