v.

Derrick L Gray

Andrew P. Baxley, Interlocutory Attorney:

In a January 22, 2018 order, the Board, among other things, allowed Respondent until February 21, 2018 to file his answer. Respondent's motion (filed January 28, 2018) to extend time to comply with that order does not include proof of service upon Petitioner, as required by Trademark Rule 2.119(a), and will therefore receive no consideration.¹

¹ If, as the deadline approaches, Respondent believes that he needs further time to prepare and file his answer, he can file a renewed motion to extend.
