Cancellation No. 92070131

*SW Ingredients Holdings, LLC*

*v.*

*Steven Yassin and Salma Corp. (by way of  
assignment)*

**M. Catherine Faint,  
Interlocutory Attorney:**

**1. Assignment of Registration No. 5073828**

It has come to the attention of the Board that the assignment of the involved Registration No. 5073828 to Salmo Corp was recorded with the Assignment Recordation Branch of the Office on December 3, 2020 (Reel/Frame 7122/0673). The Board sua sponte addresses the subject assignment.

If the mark in an application or registration that is the subject matter of an inter partes proceeding before the Board is assigned, together with the application or registration, the assignee may be joined as a party. TBMP § 512.01 (2020). It is the practice of the Board to join an assignee when the assignment occurred after the commencement of the proceeding, as in this case, in order to facilitate discovery. *See NSM Resources Corp. v. Microsoft Corp.*, 113 USPQ2d 1029, 1031 (TTAB 2014)

(finding joinder rather than substitution appropriate where assignment of pleaded mark was executed one year after proceeding commenced and nothing in the record indicated petitioner or business connected with mark no longer in existence); *see also* TBMP § 512.01. An assignee will be joined, and permitted to take action in the case, provided that proof of the assignment is of record. Because the assignment has been recorded and the assignment occurred after the commencement of this proceeding, Salmo Corp. is joined as a party defendant in this proceeding. The Board's records shall be updated accordingly.

## **2. Motion to Suspend**

Petitioner's consented motion, filed May 6, 2021, to suspend this proceeding for 180 days, is **granted**.

Because the parties are negotiating for a possible settlement of this case, proceedings are suspended, subject to the right of either party to request resumption at any time.<sup>1</sup> *See* Trademark Rules 2.117(c) and 2.127(a); and TBMP § 605.02.

If, during the suspension period, either of the parties or their attorneys have a change of address or email address, the Board should be so informed. *See* Trademark Rule 2.18(b)(1).

## **Status Report Required for Future Motions to Suspend or Extend**

---

<sup>1</sup> The parties should note that if proceedings are suspended for a lengthy period of time pursuant to the filing of several motions to suspend for settlement, the Board retains discretion to condition the approval of any future consented or stipulated motion to suspend on a party or the parties providing necessary information about the status of settlement talks, discovery activities, or trial activities, as may be appropriate. *See* Trademark Rule 2.117(c).

The Board retains discretion to condition the approval of a consented or stipulated motion to suspend on the party or parties providing necessary information about the status of settlement talks, discovery activities, or trial activities, as may be appropriate. *See* Trademark Rule 2.117(c); TBMP §§ 509.02 and 605.02.

Due to the number of extensions approved in this proceeding, the Board imposes a condition on the approval of all future motions to suspend or extend for settlement. Specifically, to establish good cause for all future motions to suspend or extend, the parties must include in the motion a status report on the parties' settlement efforts. While the rule does not require a great deal of specificity, the report must set forth, at minimum, the issues that have been resolved, the issues that remain to be resolved or that remain for trial, and a proposed timetable for resolution of the remaining issues. Appropriately designated confidential information or materials may be filed under seal pursuant to Trademark Rule 2.126(c). *See* TBMP § 605.02. **Absent the required status report, a motion to suspend or extend may be denied, even if consented to by the parties.** If the Board denies such a motion, dates may remain as previously set. *See* TBMP § 509.01(a).

Due to this requirement, **the parties may no longer use the ESTTA “Consent Motions” forms to submit motions to extend or suspend dates for settlement.** Rather, the parties must select the “Opposition, Cancellation or Concurrent Use (general filings)” option, the “Scheduling Motions” option, then the “Motion to Suspend for Settlement Discussions” form to which the parties may attach the motion

they prepared. **The motion must set forth both the required status report and a proposed trial schedule.**

The requirement to use the general filings ESTTA form is limited to consent motions based on settlement discussions, and does not prohibit the use of ESTTA consent forms for other filings.

In the event that there is no word from either party concerning the progress of their negotiations, upon conclusion of the suspension period, **proceedings shall resume without further notice or order from the Board**, in accordance with Petitioner's motion, as follows:

Generally, the Federal Rules of Evidence apply to Board trials. Trial testimony is taken and introduced out of the presence of the Board during the assigned testimony periods. The parties may stipulate to a wide variety of matters, and many requirements relevant to the trial phase of Board proceedings are set forth in Trademark Rules 2.121 through 2.125. These include pretrial disclosures, the manner and timing of taking testimony, matters in evidence, and the procedures for

submitting and serving testimony and other evidence, including affidavits, declarations, deposition transcripts and stipulated evidence. Trial briefs shall be submitted in accordance with Trademark Rules 2.128(a) and (b). Oral argument at final hearing will be scheduled only upon the timely submission of a separate notice as allowed by Trademark Rule 2.129(a).

**TIPS FOR FILING EVIDENCE, TESTIMONY, OR LARGE DOCUMENTS**

The Board requires each submission to meet the following criteria before it will be considered: 1) pages must be legible and easily read on a computer screen; 2) page orientation should be determined by its ease of viewing relevant text or evidence, for example, there should be no sideways or upside-down pages; 3) pages must appear in their proper order; 4) depositions and exhibits must be clearly labeled and numbered – use separator pages between exhibits and clearly label each exhibit using sequential letters or numbers; and 5) the entire submission should be text-searchable. Additionally, submissions must be compliant with Trademark Rules 2.119 and 2.126. Submissions failing to meet all of the criteria above may require re-filing. **Note:** Parties are strongly encouraged to check the entire document before filing.<sup>2</sup> The Board will not extend or reset proceeding schedule dates or other deadlines to allow time to re-file documents.
