Group, Inc.*

v.

Schneider Electric USA, Inc.

Tyrone Craven, Supervisory Paralegal:

As set forth in Trademark Rule 2.126(a)(2), “[e]xhibits pertaining to an electronic submission must be made electronically as an attachment to the submission and must be clear and legible.” Furthermore, a party who submits exhibits must ensure that each page “can be read from top to bottom.” TMBP §§ 703.01(i) and 704.08(a).

Upon review, the Board has determined that the attachments to Petitioner’s electronic submission listed below included images that were sideways or upside down, and therefore could not be read from top to bottom. The following pages have been rotated by the Board to correct the issue.

Entry	Pages Rotated
52 TTABVUE	9-15, 23-27, 29, 30, 32, 34

Each party is responsible for ensuring that its future submissions are clear and legible, with each page displayed so it can be read from top to bottom.¹ *See* Trademark Rule 2.126 and TBMP § 110.02(b). Furthermore, it is recommended that all documents submitted electronically via ESTTA be “machine readable” to allow the Board and others to search the document using key words, and also mark and copy text from it. Any future submission that does not meet the Board’s filing criteria may not be considered.

The proceeding schedule remains as previously set by the Board’s order dated January 12, 2023.

¹ ESTTA provides thumbnails to view each page before submitting. View other helpful filings tips on the [ESTTA help](#) page.
