April 19, 2021

To whom it may concern:

Once again I am responding to the letter received on March 22, 2021 a letter claiming that I did not indicate proof of service as required by Trademark Rule 2.119.

If you will look at the previous evidence I most certainly did provide proof of service by providing pictures of service, letter from one of my wholesalers and my packaging on display as well as my business name featured on the Marquis for the month. Let me be very frank. Just because my business is pretty much slow and at a standstill with Covid and this trademark issue going on that still does not give anyone the right to bully and think that they can have My Trademark. Once again I will repeat myself! HC Brand Holdings may buy my trademark for a fair price or I will sign something allowing them to have their own name of bubbles while I get to keep mine, The Bubble. This has affected me from getting my storefront back open and I am losing money because of it. And again, I paid for and waited for my Trademark legally and got it and that is that. So please stop wasting my time. I think I have been very open about everything and have been more than fair on a couple of options to settle this. Thanks!
