To whom it may concern:

I am just now getting to my emails as from the holidays as well with the shut downs from Covid. I just saw I had to respond by the 1/6/21; however I did not see this email before then. In regards to proof as I have said before, I legally paid for and waited my turn to obtain the Trademark that I use and am currently using. I showed proof of an active social media account which can be found both on instagram and Facebook. I also submitted a letter from one of my wholesalers that I currently make product for. As far as listing out denying or acceptance of numbers 1-28 or whatever the number of items was I deny anything against me and My Trademark. I am tired and I do not understand all of the verbiage to know how to answer everything. However, I feel like I was very clear in my last two responses. So like I said if they want to compensate me properly for my trademark and everything that I have into my business, etc. I will be perfectly fine with that. However until then I worked hard and paid for and waited my turn legally for My Trademark. I might be a small business and even shut down with the current situation, but my voice matters and I don't care how much money this hair salon chain has I will not be bullied into giving up something I worked hard for. I am not trying to be ugly, but this process is just ridiculous. I should be protected from this especially since I did it the legal and right way to begin with.
